

# The Borland Colloquy Scholarship

Dear Partner in Ministry,

We have exciting news for you! One of CUENet's generous donors is supporting colloquy students for another year. The Borland Colloquy Scholarship allows us to provide each new colloquy student with an Old Testament scholarship of \$899, the entire tuition for the course, as well as scholarships of \$360 for each subsequent course in the program.

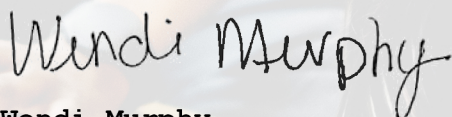

Your invoice for Old Testament will arrive PAID IN FULL! For the seven remaining courses in the program, the balance on each invoice will read just \$539. If your district, congregation, or school is also able to help you with tuition, your final cost could be even lower.

The Borland Colloquy Scholarship is available to all teachers who enroll in courses from June 2024 through May 2025. Get started by submitting your application today!

If you have been thinking about entering the colloquy program, now is the time—and we encourage you to spread the word to your fellow teachers!

We thank our gracious God for the generous gift which makes this scholarship program possible. God is good!

In Christ's Service,

Wendi Murphy  
Registrar, CUENet

P.S. Are you curious whether this program will be worth it? We recently conducted a satisfaction survey among the "alumni" of the online colloquy program, and nearly 90% expressed satisfaction with how much they learned, how positively it affected their ministry, and how much their confidence grew as a result of the program! One student told us, "I cannot express to you how much these classes have impacted my life. Thank you for helping me reshape not only my classroom but also my spiritual life."
